

ILLINOIS WESLEYAN UNIVERSITY

Dear Colleague,

The local organizing committee would like to invite you to attend the 3'd Symposium on Riordan Arrays and Related Topics held on the campus of Illinois Wesleyan University in Bloomington, Illinois, USA. The symposium will take place June 20-23, 2016. Due to your expertise in this area, we would like to invite you to submit an abstract to be considered for a talk. The deadline for submitting abstracts is May 27, 2016. A template can be found on the conference website located at **blogs.iwu.edu/rart2016**.

The symposium will serve as an excellent venue for sharing ideas about current research in Riordan arrays and related fields. We hope that researchers will find connections between their work and other areas of mathematics, as well as discover alternative approaches to their own work

Since the organizers of the symposium do not provide travel money and will not waive the registration fee, it is expected that speakers find funding from other sources. We hope to see you in Bloomington.

Best regards,

Tian-Xiao He

Zahia Drici

Dan Roberts

RART 2016 local organizing committee
